Celebrating Progress this World Polio Day

24 October 2017
#EndPolio #WorldPolioDay

In the past year...

... over 400 million children have been vaccinated against polio

... polio remains in fewer countries than ever before - Afghanistan, Nigeria and Pakistan

... the number of districts affected by polio dropped from 29 to 14.

... cases of polio have fallen from 27 by this date in 2016 to 12 so far this year.

... over US$ 1.4 billion was pledged to eradication, thanks to the generous support of donors
